INNOVATIVE QUALITY TO DELIVER YOUR SATISFACTION

This advanced cash handling device streamlines daily financial operations with a vibrant, easy-to-read display. It delivers accurate note counting and real-time amount totalization. Furthermore, it is equipped with rechargeable lithium battery, guaranteeing reliable, uninterrupted performance for retail and service environments.

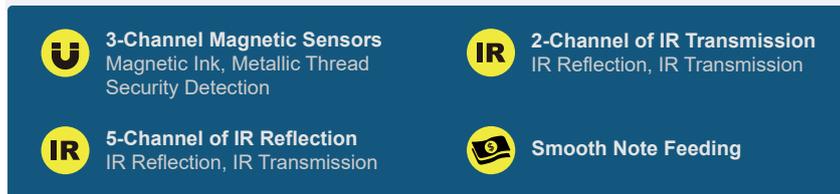

MULTIPLE MODES TO CHOOSE

PRODUCT CONVENIENCE

- Easy Portability
- Weighs Just 0.87KGS
- Effortless Relocation
- Easy Operation
- Clear Buttons

MACHINE FEATURES

- **User-Centric Interface**
Bright display + tactile buttons for one-touch currency selection & easy navigation
- **Simplified Bill Handling**
Clearly labeled feeding slots with directional prompts minimize misfeeds and ensure smooth verification
- **Compact, High-Usability Design**
Compact design for tight spaces; fast validation cuts delays and boosts cash-handling accuracy.
- **Equipped With Rechargeable Lithium Battery**
Delivers long-lasting, uninterrupted operation

SPECIFICATIONS

Detecting Speed	≤1.5 s/pcs
Note Thickness	0.075~0.15mm
Weight	0.870 KGS
Dimension	155mm*135mm*82mm(max)
Power Supply	AC:100-240V 50/60HZ DC 9V/1.5A or 5V/2A
Power Consumption	≤12W
Battery Voltage	7.4V/2000mAh
Display	3.5 inch TFT Display
Interface	SD Card/USB(Type-C)
